## Spotlight on vinyl.

Facts you may not know...

A light-colored footprint graphic is stamped onto the dark wood-grain background, positioned to the left of the text box.

Vinyl saves energy. Vinyl products take less energy to produce than those made from competing materials. The life span of these products is noted for their longevity and durability. Building products in particular are known for their ability to meet and exceed industry efficiency standards.

Flooring: *LSI - Earth Woods, Jatoba*
